

Raymond Lam

Managing Director

BA(Hons), Dip Arch, Dip Brs, Msc, RIBA

Raymond will be resourced as the main project leader on the project. Raymond formed Oculus Architects in 2012 and has led the practice to complete a broad range of challenging sites. Raymond has worked in some of the UK's top architectural firms including RSHP and Sheppard Robson.

Raymond has particular skill and expertise in working with local planning authorities and guiding and taking projects through in a calm and reassured way whilst achieving outstanding architectural design in all project. Raymond is skilled in areas of Architectural design, Project Financing, Planning negotiations and Urban design matters. His confident and trustworthy dialogue with investors and the public often enable matters to be guided through in an expedient manner.
